

Wednesday 17th February, 2016

Outline: CICASP Seminar 21

Practice Presentations for PWS Annual Meeting

The next three CICASP Seminars (17th Feb, 24th Feb, 2nd March) will give students the opportunity to practise their poster and oral presentations before the upcoming 5th International Symposium on Primatology and Wildlife Science (3rd-6th March). There will be limited space per session – about three presenters. Take this chance to get valuable feedback and to practise your presentation skills. One person, Toda Kazuya, presented his work on bonobo female dispersal.

Wednesday 24th February 2016

Summary: Seminar 22

Practice Presentations for PWS Annual Meeting

We will continue the practice presentations for the PWS Annual Meeting. Three students have volunteered to present their findings at this Workshop. One more Workshop is scheduled for students to take this opportunity to fine-tune their posters or oral presentations and obtain practice in answering questions. Keep in mind that at the PWS Annual Meeting, L1 to L3 students will have 10 minutes for their presentation, as well as the question and answer period, while L4 and L5 students will have 15 minutes for their presentations, along with the question and answer period.
