

## CICASP Seminar in Science Communication: Summary & Outline

Wednesday 1<sup>st</sup> August, 2018

### **Summary: CICASP Seminar #84**

#### **Internation**

For the first time, short-term interns were on the spotlight at a CICASP seminar. Eight international interns joined this session to present about their background, to talk about their research projects at PRI and their future goals. After the presentations, they took this opportunity to give feedback about their experiences at the internship program at PRI, and how it can be improved. This seminar also gave the regular students the chance to get to know the interns and their research/career interests.

-----  
Wednesday 8<sup>th</sup> August, 2018

### **Outline: CICASP Seminar #85**

#### **Presentation Practice III**

In the next week we will go back to presentation practice. In the third seminar of this block, Jie Gao will give a 12-13 minutes oral presentation, followed by 2-3 minutes of Q&A. The presentation will be about her new study to be presented at the 27<sup>th</sup> Congress of the International Primatological Society. In sequence, Jie Gao will receive feedback from the audience on what points were good and clear in her presentation, and how she can improve it. Everybody is welcome to join the workshop to learn about her study, to provide feedback, and to practice evaluating presentation skills.

#### **Reminder: There is one last slot available for practice on this seminar (August 8<sup>th</sup>).**

If you wish to present and have not contacted me, please send me an email <[rafaela.takeshita.3n@kyoto-u.ac.jp](mailto:rafaela.takeshita.3n@kyoto-u.ac.jp)> with your presentation type (oral/poster), and conference name and dates.

*We at CICASP have found that students who perform practice presentations leading up to a conference were able to significantly improve their presentations by taking into account the comments and advice received during these practice sessions. We therefore strongly encourage all students to take advantage of this service by signing up for a practice presentation.*
