1. **Country/location of visit**
Kyoto, Japan

2. **Research project**
Genome Training Course

3. **Date (departing from/returning to Japan)**
2014. 5.29 – 2014. 6. 5 (8days)

4. **Main host researcher and affiliation**
Kiyokazu Agata, Kyoto University

5. **Progress and results of your research/activity**
(You can attach extra pages if needed)

I studied about diet species within the fecal samples of deer and monkey collected from Yakushima. It was difficult to decide diet species using direct observation, however DNA analysis with Next Generation sequencer was very powerful.
