

Research Activity Report
Supported by “Leading Graduate Program in Primatology and Wildlife Science”
 (Please be sure to submit this report after the trip that supported by PWS.)

	2014. 06, 13
Affiliation/Position	Wildlife Research Center/Research student
Name	Kimika Tsuji

1. Country/location of visit
Japan, Kyoto university
2. Research project
Genome training course
3. Date (departing from/returning to Japan)
2014. 5. 29 – 2014. 6. 6 (9days)
4. Main host researcher and affiliation
Dr. Kiyokazu Agata, Professor at Laboratory for Molecular Developmental Biology, Kyoto University
5. Progress and results of your research/activity (You can attach extra pages if needed)
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.
<p>During this training, I studied about how to analyze DNA. Through this experience, I have been stimulated attitude to analysis of DNA and English. I am going to report these results by group report.</p> <div style="display: flex; justify-content: space-around;"> <div style="text-align: center;">  <p>Next Generation Sequencer (MiSeq) (Photo: Ryo Kutsuma)</p> </div> <div style="text-align: center;">  <p>Poster session (Photo: Mohd Abdul Muin Md.
