<p>PWS, JMC, and WRC set up a booth for Marunouchi Kids Jamboree. Children can experience many things in this event. Our booth was made to let people know fieldwork or wildlife research. We made some corners for example introduction to research gear (camera microphone tent etc...), a display of chimpanzee’s tool use behavior, displays of animal born replica.</p> <p>In four days, many people came to our booth and took interest in our exhibition. It was very significant experience for me to explain our knowledge to general people.</p>
