

Research Activity Report
Supported by “Leading Graduate Program in Primatology and Wildlife Science”
 (Please be sure to submit this report after the trip that supported by PWS.)

	2016. 10. 23
Affiliation/Position	Wildlife Research Center/D2
Name	Kasumi Sakakibara

1. Country/location of visit	
Japan, Nigata, Myoko Sasagamine	
2. Research project	
Sasagamine training course	
3. Date (departing from/returning to Japan)	
2016. 09. 29 – 2016. 10. 02 (4days)	
4. Main host researcher and affiliation	
Dr. Sugiyama Shigeru, professor of Shizuoka University (Manager of Sasagamine Hutte)	
5. Progress and results of your research/activity (You can attach extra pages if needed)	
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.	
<p>This training course was held to understand the vegetation of the mountain areas and to train the skill of mountain climbing in 4days, 29th Sep. to 2nd Oct., by Dr. Sugiyama and people had belonged to mountaineering club.</p> <p><Date></p> <p>29th Sep. (1st day) Walking around Sasagamine Hutte, Vegetation observation</p> <p>30th Sep. (2nd day) Climbing a gorge, Observation of wild monkeys, Lecture for bivouac, Ropework, Confirmation of mountain climbing route</p> <p>1st Oct. (3rd day) Climbing Mt. Hiuchi</p> <p>2nd Oct. (4th day) Introduction of the equipment for climbing in snow season</p> <p>It is important to need some preparation for safe and efficient fieldworks. We gained the skill of these preparations, especially the methods and the important points, in this training course. The knowledge and the experiments will be applied to make the plan of the new fieldwork in near future.</p>
