

**Research Activity Report**  
**Supported by “Leading Graduate Program in Primatology and Wildlife Science”**  
 (Please be sure to submit this report after the trip that supported by PWS.)

2017. 9, 2

<b>Affiliation/Position</b>	Primate Research Institute / M2
<b>Name</b>	Yuri KAWAGUCHI

<b>1. Country/location of visit</b>
Tokyo, Japan
<b>2. Research project</b>
Koudou2017
<b>3. Date (departing from/returning to Japan)</b>
2017 29th August -1 <sup>st</sup> September
<b>4. Main host researcher and affiliation</b>
<b>5. Progress and results of your research/activity</b> (You can attach extra pages if needed)
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.
I attended “Koudou2017” in Tokyo University, which was joint meeting of 5 societies. I gave a talk which titled “Reward Value of Conspecific Infants in Chimpanzees”. There are lot of participants and many interesting studies. I was especially interested in navigation in birds and behavioral assessment of enrichment in zoos in oral presentation. For poster presentation, synchronized behavior in crabs and recognition of vocalization in tits were quite interesting.
