

**Research Activity Report**  
**Supported by “Leading Graduate Program in Primatology and Wildlife Science”**  
 (Please be sure to submit this report after the trip that supported by PWS.)

	2018. 03. 20
<b>Affiliation/Position</b>	Wildlife Research Center/M2
<b>Name</b>	Moe Yanagi

<b>1. Country/location of visit</b>	
Sapporo, Hokkaido	
<b>2. Research project</b>	
The 65 <sup>th</sup> Annual Meeting of the Ecological Society of Japan	
<b>3. Date (departing from/returning to Japan)</b>	
2018.03.13~2018.03.19 (7 days)	
<b>4. Main host researcher and affiliation</b>	
The 65th Annual Meeting of the Ecological Society of Japan	
<b>5. Progress and results of your research/activity</b> (You can attach extra pages if needed)	
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.	
<p>The Japan Ecological Society is a large-scale conference where more than 2,000 people participate each year. The purpose of this trip is to expand my knowledge by meeting various researches and researchers, exchange opinions and utilize it for my own research.</p> <p><b>【Schedule】</b>        March 13 Kyoto → Itami Airport → New Chitose Airport → Sapporo city        March 14 - 18 Participation in the Ecological Society        March 19 Sapporo City → New Chitose Airport → Itami Airport → Kyoto</p> <p>It was the first opportunity to participate in a domestic academic conference, so I was able to spend a very exciting and meaningful time. By joining various programs such as organized sessions, oral and poster presentations, and workshops, I gained new knowledge that I did not know and gained new ideas and developments for my research. It was especially meaningful to listen discussion about GIS, statistical analysis, relationship between wildlife and undergrowth in the forest, and efforts of biodiversity conservation activities from the perspective of administration. I will continue to deepen my knowledge with such opportunities in the future and hope to develop further discussion through my research presentation.</p>
