

Research Activity Report
Supported by “Leading Graduate Program in Primatology and Wildlife Science”
 (Please be sure to submit this report after the trip that supported by PWS.)

2018. 4, 4

Affiliation/Position	Wildlife Research Center/D3
Name	Kei Matsushima

1. Country/location of visit

Sapporo city, Hokkaido, Japan

2. Research project

The 65th meeting of Ecological Society of Japan

3. Date (departing from/returning to Japan)

2018. 3. 14 – 2018. 3. 18 (5 days)

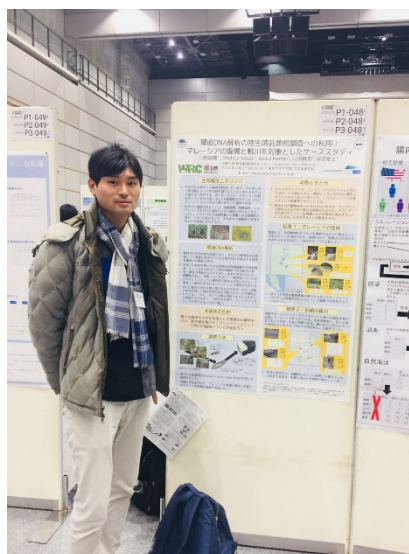

4. Main host researcher and affiliation

Ecological Society of Japan / Sapporo Convention Center

5. Progress and results of your research/activity (You can attach extra pages if needed)

Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.

I had a poster presentation at the 65th meeting of Ecological Society of Japan (ESJ65). The presentation was about environmental DNA analysis, which was very popular in this meeting. I got many feedbacks. This method is still developing, I will keep modifying the methods on my research projects.

At my poster
