<p>During this course, I studied the fundamental skills about field work. Through this experience, I learned the survival and climbing techniques, which will be of great help in the future study. I also thought that because I could not help another person in cooking, I should get a cooking skill. I had a great experience in this course.</p>
6. Others
I would like to express my gratitude to Dr. Matsuzawa, Dr. Sugiyama, Dr. Morimura, for supporting the course. I also express my gratitude to PWS for financial support.
