<div style="display: flex;"> <div style="flex: 1; padding-right: 10px;"> <p>During this visit, we had a look at the conference room we will use in advance. We were able to know the space and height of the room. The information about power source or fixtures was also useful. As for activity booth, it was good to have some discussion about the strength of panels and safety management. This information must be helpful for preparing and running exhibits.</p> </div> <div style="flex: 2;">  </div> </div>
