

**Research Activity Report**  
**Supported by “Leading Graduate Program in Primatology and Wildlife Science”**  
 (Please be sure to submit this report after the trip that supported by PWS.)

	2021.7.28
<b>Affiliation/Position</b>	Wildlife Research Center/M1
<b>Name</b>	Takuto Sugimoto

<b>1. Country/location of visit</b>
Japan, Ashiu
<b>2. Research project</b>
Basic Skills for Field Work non snow season
<b>3. Date (departing from/returning to Japan)</b>
2021.7.19- 2021.7.21 (3 days)
<b>4. Main host researcher and affiliation</b>
Dr. Ishihara, Field Science Education and Research Center, Kyoto University
<b>5. Progress and results of your research/activity</b> (You can attach extra pages if needed)
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.
<p>During this visit, I learned about feeding damage by deer and basic skills for field work. Through this experience, I have gained deep knowledge of how to deal with feeding damage by animals, which will be of great help in the future conservation of plant diversity. I will make use of this experience to explore practical ways of coping with feeding damage by animals.</p>
