

SUMMARY OF PREVIOUS SEMINAR

CICASP Seminar in Science Communication #152

Introduction to the CICASP Seminar in Science Communication

5:00 PM–6:00 PM, Wednesday, April 21, 2021 (on Zoom)

In the previous seminar, we introduced CICASP Seminar in Science Communication for new students. The format of the seminar for this semester was explained. Then we discussed topics we could cover in the upcoming workshops. Attendees wrote on a virtual posting board about what they wished to do this year for themselves in terms of scientific communication and discussed their wishes in small groups.

OUTLINE OF UPCOMING SEMINAR

CICASP Seminar in Science Communication #153

JSPS DC Fellowship Application Guide I: Introduction

5:00 PM–, Wednesday, April 28, 2021.

To be held via Zoom (see email announcements for access details)

It is the season for grant writing and fellowship application! For the next two or three seminars, we will focus on JSPS Research Fellowships for Young Scientists, especially, the doctoral-level fellowship, DC1&DC2. In the first seminar on April 28th, we will present an introduction to the application process, provide tips on writing successful applications, point you to resources, and answer your questions.

In the following seminars in mid-May, we will look at draft research proposals shared by this year's applicants.

These workshops are intended for applicants for the doctoral level, but everyone from PRI/WRC is welcome to join, whether you are thinking about applying in the future, or are past applicants yourself and would like to share your experiences with others.

2021年4月28日(水) 17時より

Zoomでの開催

(アクセスの詳細は案内メールを見てください)。

助成金の作成とフェローシップ申請の季節です！次の2、3回のセミナーでは、若手研究者のための日本学術振興会研究員、特に博士レベルのフェローシップであるDC1&DC2に焦点を当てます。4月28日の最初のセミナーでは、申請プロセスの概要を紹介し、合格する申請書を作成するためのヒントを提供し、リソースを紹介し、質問に答えます。

5月中旬に開催される以下のセミナーでは、今年の応募者が共有する研究計画案を見ていきます。

これらのワークショップは博士号取得者を対象としていますが、将来の応募を考えている方も、過去の応募者であり、経験を他の人と共有したい方も、PRI/WRCの方ならどなたでもご参加いただけます。
